

SAMUEL HEATH

Product Data Sheet

N6655 & N6655-A Towel Rail

SAMUEL HEATH

Product Data Sheet

N6655 & N6655-A Towel Rail

1. Select your desired mounting position and check that the wall is sufficiently strong enough to hold the weight of the towel rail.
2. Unscrew escutcheons to expose the wall plates. Mark your preferred position on the wall through the screw holes in the wall plate. Use a spirit level to ensure towel rail is level.
3. Drill holes as necessary for the fixings that you are using. The wall plugs supplied are only suitable for solid walls.

Please Note: If the wall is other than a solid construction other means of fixing may be required please consult your installer.

SAFETY NOTE

Prior to drilling into walls:

Check there are no hidden electrical wires, cables or water supply pipes with the aid of an electronic detector.

Note: Wall plugs supplied are only suitable for solid stone / brick walls. For plasterboard walls use specialist wall plugs. *Seek advice from a specialist about the suitability of fixings to be used.*
